This Privacy Policy (the “**Privacy Policy**”) applies to the website located at <https://www.revxaautos.com/> operated by RevX Autos Inc. (“**RevX**,” “**us**,” “**our**,” or “**we**”) and its associated websites, subdomains, mobile versions, any associated mobile applications and services where this Privacy Policy is posted (collectively, the “**Platform**”), and describes how RevX collects, uses, discloses, and secures the personal information you provide through the Platform. It also explains what your rights are, which may differ depending on where you are located. We encourage you to read this Privacy Policy carefully to understand our personal information practices. When you access and use our Platform, you acknowledge that you have read this Privacy Policy, understand it, and that you do not object to our processing activities.

WHAT DO WE MEAN BY “PERSONAL INFORMATION” AND “PERSONAL DATA”?

“Personal information” or “personal data” is information that identifies, relates to, describes, is capable of being associated with, or could reasonably be linked, directly or indirectly, with a particular individual or household. Personal information that is aggregated (e.g., compiled to create statistics that cannot identify a particular individual) or de-identified (all identifiers obscured such that it cannot be linked to a particular individual) is not considered “personal information” for the purposes of this Privacy Policy.

THE PERSONAL INFORMATION WE COLLECT AND HOW WE COLLECT IT

We collect the following personal information from you:

INFORMATION THAT YOU PROVIDE US ABOUT YOURSELF

- **Identifiers:** When you complete a form on the Platform or create an account, we may ask you for information such as: (i) contact information, including your name, email address, mailing address, phone number, and Zip code; and (ii) unique identifiers, such as username, account name, or password. This information allows us to provide you with an account, operate our Platform, and send you communications.
- **Financial Information:** When you complete a transaction, we use third party payment processors who collect your payment information on our behalf. RevX does not collect financial information directly from you through the Platform.
- We also collect identifiers, such as your name, email address, mailing address, phone number, and Zip code, when you communicate with us through email, social media, or paid media campaigns. This information is collected for marketing or promotional

purposes. You may unsubscribe from these communications by following the instructions contained within the communication or emailing us at: info@revxautos.com. Please note that due to marketing production schedules you may receive messages already in production.

- We may also obtain your personal information through your use of social media depending on your settings or the privacy policies of these services. To change your settings on these services, please refer to their respective privacy policies.

INFORMATION COLLECTED AUTOMATICALLY

Internet or other electronic network activity information: When you use the Platform, or interact with our advertisements and emails, we may use cookies and similar technologies (“**cookies**”) to collect information about your location, your activities on our Platform, your interaction with our advertisements and our emails, information about your device, and log information. These cookies may collect Internet protocol (IP) addresses, browser type, Internet service provider (ISP), referring/exit pages (the pages you come from and go after leaving the Platform), the files viewed through our Platform (e.g., HTML pages, graphics, etc.), operating system, date/time stamp, and/or clickstream data.

Pixels: We may use third-party pixels, including social media pixels. These pixels collect information about your usage of our Platform and transmit this information to third parties, such as social media companies. These social media companies may combine personal information collected via their pixels that may be deployed on the Platform with your social media account and use it for their own advertising or profiling purposes. These pixels allow us to send you personalized advertisements. If you would like to adjust how ads are shown to you on social media, you can adjust your social media account settings.

Google Analytics: We use Google Analytics, a service provided by Google, Inc. (“Google”) to help us understand how users interact with the Platform and to enhance your experience when you use the Platform. For more information on Google’s privacy practices, please go to <https://policies.google.com/technologies/partner-sites> and to opt out of data recording and analysis by Google Analytics on the Platform, please visit <https://tools.google.com/dlpage/gaoptout>.

Note that the opt-out is specific to Google Analytics activities and does not affect the activities of other ad networks or analytics providers that we may use.

How long these cookies stay on your device depends on what they do. For example, some cookies only work while you are visiting the Platform and get deleted when you are done (session). Others may stay on your device unless you choose to delete them (persistent). Cookies

may be placed by us (first party) or by other businesses (third party) when you visit the Platform or other online properties.

We may use the following types of cookies:

- **Strictly necessary.** These are cookies that are required for the operation of the Platform. They include, for example, cookies that enable you to log into secure areas of the Platform or areas requiring your acknowledgment or consent to proceed.
- **Analytical/performance.** These cookies from third-party services allow us to recognize and count the number of visitors and to see how visitors interact with the Platform and our advertising and marketing (including email). This helps us to improve the way our Platform works, for example, by ensuring that users are finding what they are looking for more easily. It also helps us understand the effectiveness of, and improve, our advertising, marketing and content.
- **Functionality.** These are used to recognize you when you return to the Platform. This enables us to personalize our content and recommendations for you, greet you by name or remember your preferences (for example, your choice of language or region).
- **Advertising/Targeting.** These cookies record your interactions with the Platform, including the pages you visit and the links you click, and our advertising and marketing. We use this information to make the Platform and our advertising and marketing more relevant to your interests. We may also share this information with third parties for this purpose.

Advertising Opt-Out: In the U.S., you may opt-out of companies participating in the Digital Advertising Alliance (“DAA”) program by opting out at <https://optout.aboutads.info>, <https://youronlinechoices.eu/>, and <https://youradchoices.ca/en/tools>. For information and to download DAA’s AppChoices tool, see <https://youradchoices.com/appchoices>. Note that opting out does not mean you will no longer receive online advertising. It does mean that the company or companies from which you opted out will no longer deliver ads tailored to your preferences and usage patterns.

Browser Settings: You may be able to block cookies by activating the setting on your browser that allows you to refuse the setting of all or some cookies. Check your browser’s HELP menu to learn the correct way to change or update your cookies. Please see your mobile phone’s manual for information on how to do this on your phone’s browser. Please note that if you use your browser settings to block all cookies (including strictly necessary cookies) you may not be able to access all or parts of our Platform.

BROWSER “DO NOT TRACK” SIGNALS

Some browsers offer a “do not track” (“DNT”) option. Because no common industry or legal standard for DNT has been adopted by industry groups, technology companies, or regulators, we do not respond to DNT signals. We will make efforts to continue to monitor developments around DNT browser technology and the implementation of a standard.

“SALE” OF PERSONAL INFORMATION

RevX does not sell personal information for monetary consideration. We may sell anonymized, aggregate data.

We may also disclose your personal information as required by law (such as to comply with a subpoena or other legal process), when we believe in good faith that disclosure is necessary to protect our rights, when we believe there is a violation to any of our terms or other agreement with us, to protect your safety or the safety of others and minors, to investigate fraud, and to respond to a government request. If we are involved in a merger, acquisition, or sale of all or a portion of our assets or if we are involved in a bankruptcy or liquidation proceeding, your personal information may be one of the assets transferred.

- Prevent Fraud and Abuse of the Platform: We may disclose information to prevent or detect fraud or to address technical issues and if we believe it is necessary to investigate, prevent, or take action regarding situations that involve abuse of the Platform or its infrastructure. The legal basis for this is our legitimate interest in maintaining the security of our Platform.
- We may process and disclose information in an aggregated, de-identified manner, where the information is shared as part of a statistical report and does not contain personal information.

Cookies on or used by the Platform may result in information about your activity on our Platform being transmitted from your browser to us and third parties, which, in turn, may result in the display of targeted advertisements on third-party websites, platforms, and services, including advertisements for our content. In addition, whether cookies on the Platform result in your browser’s transmission of information to third parties depends on a number of factors that may be outside of our knowledge or control, including what third-party services you use, what personal information you have provided to such third parties, and whether (and the extent to which) you have limited the use of cookies by the operators of those third-party websites, platforms, and services.
